**Dear Mr. Umit Yardim!**

Hereby let us express our respect!

February 4-5 2016 the 15<sup>th</sup> International food market congress is taking place in Moscow. The congress is organized by Business to Business Conference Group (BBCG) in the form of CEO level Business Club. The delegates are CEOs and founders of food retail and major restaurant chains from Russia and EAEU. More than 250 seniors will get together early next year to plan strategies and to meet potential business partners replacing banned importers.

Would you let us invite Your Excellency to join the senior level business meeting in person and to pass our invite to Turkish national major producers! Present day market provides Turkish producers with unique opportunities to develop supply contracts with Russian retail. There is strong interest in replacing banned importers with quality goods from Turkey.

The official agenda of the BBCG Business Club, Feb 4-5 will include (a) panel discussion on cost efficient direct import of goods from the East and Mid East countries into Russia and (b) face-to-face meetings for intel producers and retailers. Let us invite you to join the panel discussion and to secure presence of well established national producers at the congress. In the framework of the Congress will be held additional sessions with the participation of representatives of the Federal service for veterinary and phytosanitary surveillance (Rosselkhoznadzor RF), retail and Working Group of State Duma Members of the Russian Federation "On the support of manufacturers and suppliers of food products"
